COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, FEBRUARY 20, 1907.

NUMBER 15

PIKE COMPANY INCORPORATED.

Proposed Road to Come By Camp Knox--\$15000 Subscribed--Green County in Earnest.

At a meeting of the promoters of the pike from Greensburg to Adair county line held in Greensburg, Wednesday, February 13th, a large representative body of the most enterprising citizens of the town and southeast end of the county were present. A motion was made to organize and incorporate for a pike from Greensburg to a point near Ebenezer church in Green county, and from that point run one branch of the pike to the Adair county line via Camp Knox, and another branch via Miami to the Adair county line, inviting and requesting the Adair county people to meet us at the point best suited to them, but an amendment was offered in view of the fact that there was but one man present from the Miami branch, and as the CampKnox branch was represented by a full and sufficient amount to build their branch, that the pike company proceed to incorporate to the Adair county line by Camp Knox giving the Miami branch the opportunity to join the pike as soon as they could raise their funds, and inviting and requesting them to do so at the earliest possible date. It was moved that the Capital Stock be \$15,000.00 and the body proceeded to subscribe the stock, raising the 50 per cent required by law to incorporate, which amounted to \$7,500.00. The people of the town and south end from the country went to work in earnest, all together, the business men leaving their stores, banks and offices, and spending the day working in the interest of the enterprise together with the men from the country to help reach the necessary amount to incorporate. They succeeded in having \$7,500.00 signed up, and the papers acknowledged and now are ready to be sent to Frankfort for license and the books of the company will be opened for business in a few days. We give a list of the Incorporators--J. A. Dulworth, C. C. Christie, J. J. Booker, W. D. Bridgewater, Woodson Lewis, L. W. Cawley, J. A. Hobson, J. Shreve Durham, J. L. Howell, Joe Perry, B. W. Penick, J. A. Mitchell, J. L. Durham, O. H. Shively, W. G. Howell, E. Perkins, J. M. Johnson, C. H. Noggle, B. M. Taylor, R. L. Durham, Early Vaughn, J. W. Durham, S. H. Grinstead & Co., Jacob Nelson, W. E. Ward, Filson Smith, W. F. Cantrell, D. T. Wilson, D. T. Curd, J. R. Ward, J. S. Strull, W. W. Taylor, S. A. Anderson, Miss Exie Dowdy, Theo Leachman.

This would not have been accomplished if every man in the town and in the county most vitally interested, had not all worked together; and while the work is not done, there are several thousand dollars more to raise to complete this branch, and every man in the county must give all he can, and all those who cannot give money must give their influence, whether this first branch of pike will run where it benefits them or not, for when this is completed, others will immediately be begun, and everybody will unite then in an effort for pikes in every direction after realizing the great toll they have paid to bad roads and mud. And then the pike from Miami, Milltown and Gradyville must be built, and pikes from Greensburg to Thurlow, Exie and Liptown, and to Donamulch, Summersville and Brush Creek. \$7,500.00 was signed up to-day. Some \$4,000.00 more has been pledged. Encouraging, isn't it? A great investment to most people. Get stock now if you want it, for it may be taken, and you may be too late. Then the other \$5,000.00 must be raised or all is lost, and we fall back in the mud forever. It is now or never.--Greensburg Record.

CHEATHAM--DOHONEY.

At the home of the bride's father, Mr. G. B. Cheatham, near Milltown, last Thursday evening, Mr. Chapman Dohoney and Miss Fannie Cheatham were united in the holy bonds of matrimony, the Rev. J. A. Johnson, of the M. E. Church officiating.

The bride is the pretty and accomplished daughter of Mr. and Mrs. George B. Cheatham, and is a favorite with the young people of that section. Mr. Dohoney is a son of Mr. and Mrs. F. P. Dohoney, of the same section, and is an energetic and hustling young farmer.

Our best wishes are with this couple.

THREE ACRES OF GINSENG.

Owned by Adair County Ginseng Company--Will be Up in Spring 450 Pounds of Dry Root in County.

Mr. T. B. Lyon, of Cane Valley, who is largely interested in the Adair County Ginseng Company, was in our office Monday. He informs us that his company has three acres that will be up next Spring, and one acre of it will be two years old. The company has made assessments sufficient to plant two more acres this Spring, and the planting will proceed just as soon as the ground is dry enough.

The slump in the price of dry roots last Fall is not a serious matter in Mr. Lyon's judgment. He reports advance in prices, and is confident that the market will be sufficiently strong to make its production highly profitable.

At present Mr. Lyons states that there are about 450 pounds of dry roots in the county ready for market. It is distributed as follows: T. B. Lyon, 114 pounds, J. A. Dulworth, 140, Sel Bennett, 80 pounds, H. A. Judd, 45, C. P. Banks, 25, L. W. Dudgeon, 16 pounds, and several others have small amounts.

MISSIONARY SOCIETY.

At the home of Rev. J. F. Claycomb Friday afternoon, February 15th, a very enthusiastic meeting was held with the ladies of the Presbyterian church, which resulted in the organization of a woman's Missionary Society. Mrs. A. SEVERE CUT.

Mrs. H. C. Peese happened to a very painful accident Saturday afternoon. She was working among her flowers and in attempting to press a glass fruit jar over a small rose bush, the jar broke cutting her hand to the bone and severely injuring a finger. Dr. Cartwright was summoned and took three stitches to bring the edges of the wound together.

STAPP'S SALE.

Saturday, February the 16th, the Stapp sale drew a large crowd, and bidding was very lively. Horses, hogs, farm implements and household goods brought fair prices. The auctioneer, Mr. Sam Ewelling, is par excellence in this work, and his happy hits with the crowd kept everybody in a good humor.

As announced elsewhere in this issue the protracted services at the Presbyterian church will begin Wednesday, (today.) Rev. Joseph Evans will have charge of the services.

CARD OF THANKS.

My sincere thanks goes out to those who were so kind and attentive to my wife, Nancy Staples, in her illness and death. Such services as were rendered will never be forgotten.

For The United Brethren Church Will Be Laid The Fifth Saturday and Sunday in March.

Rev. A. Whitten, Presiding Elder of the United Brethren in Christ for the Columbia District, informs us that the corner stone for the new church of his denomination, will be laid the fifth Saturday or Sunday in March.

Bishop T. C. Carter, who it will be remembered conducted the Conference

at this place last Fall, will be present, and have charge of the services. Bishop Carter will also deliver a number of sermons here which, in itself, insures a large congregation. Notification of these meetings will be made through the columns of the News.

As has been mentioned here-to-fore, the proposed edifice will be erected in Montgomery Addition, and will be completed the coming Summer. The men in charge of this work state that the church building will be strictly modern and up to date in every detail--an honor to that section of Columbia.

COMMERCIAL CLUB'S

Executive Board Meeting Wednesday Evening--The Good Road Question Up.

A called meeting of the Executive Board of the Columbia Commercial Club convened at the office of J. S. Stapp at 7:30 P. M., the following members being present: W. R. Myers, J. S. Stapp, W. F. Jeffries, Sam Lewis, W. F. Cartwright, C. S. Harris, J. O. Russell and W. A. Coffey. There were present also the following named members of the Commercial Club: J. N. Coffey, Lucian Hurt and Jas. T. Page.

J. O. Russell, 2nd V. President, took the Chair, and W. K. Azbill was appointed Sec'y pro tem.

C. S. Harris reported a communication from the Commercial Club of Greensburg relating to a turnpike from that place to the Adair County line in the direction of Columbia. Upon motion he was appointed to act with the Lookout Committee in replying to the communication and in ascertaining what are the plans and purposes of the parties at Greensburg who have undertaken to build the said turnpike road.

By motion the Lookout Committee was instructed to proceed with the assistance of C. S. Harris, President of the Club, to gather data as to the construction of turnpikes in certain nearby counties and to prepare a report to be submitted to the Fiscal Court in April.

On motion of W. F. Cartwright a Committee of three was appointed to prepare and submit to this Board Articles of Incorporation for a turnpike between Columbia and the Cumberland river having the best available grade and alignment. Jas. T. Page, James Garnett and J. N. Coffey were named as the Committee.

The meeting then adjourned to convene again at the call of the Chairman to consider the report of this Committee. J. O. RUSSELL, Chairman. W. K. AZBILL, Sec. Pro Tem.

AN OLD RELIC.

Mr. R. L. Moore, of the Citizen's Life Insurance Company, who, with his family, is now boarding at the Columbia Hotel, showed us a certificate of membership issued to his Grandfather, James R. Allen, by Hancock Lodge No. 115, Ancient York Masonry, bearing date of 1844. The certificate is on lamb skin, adorned by the two pillars, which all Master Masons understand. It also contains other figures and emblems in keeping with the order.

MARRIED IN SOUTH

Mr. Leslie W. Allen to Miss Beatrix Cardwell, Wednesday, February, 20th.

Invitations have been received here announcing the wedding of Mr. Leslie W. Allen to Miss Lou Beatrix Cardwell, at Bessemer, Alabama, this (Wednesday) afternoon at five o'clock. Mr. Allen is a son of Mr. and Mrs. Samuel E. Allen, of near Columbia, and has many friends in this county.

Leslie has made the Southland his home for many years, being employed at present by the Bessemer Electric Light Co., as book-keeper, and we understand, is very popular with his employees. He is a young man of the strictest integrity, a gentleman in every sense of the word, and we feel safe in saying, an honor to any citizenship.

The News greets the young couple with its best wishes for a happy journey through life.

LARGE STOCK STATIONERY.

The News has just received a large and well assorted stock of stationery. In the envelope line we have on hands about 75,000, and a larger quantity of note and letter heads, from Alexander Bond down to the cheap grade. Bill heads and statements by the thousands; Cards, visiting and business, to please every class of trade. In fact we carry everything in the paper line from the best deckled edge Strathmore to the common poster. More than this: If you want any printing—we can deliver the goods. Try us and you become a permanent customer.

UNITED BRETHREN.

We are in receipt of a copy of the minutes of the forty-second annual session of the Kentucky Conference of the United Brethren in Christ, which was held at the Presbyterian church, in this city, October 3rd to 7th, 1906. The minutes show that this organization has made slow, but sure progress, in the religious world.

NEW INSTRUMENTS.

Mr. George W. Lowe, band instructor, tells us that last week the Columbia Band ordered eight new instruments as follows: Two cornets, two altos, two valve trombones, one drum and a bass horn. The instruments are to be first-class in every particular, and will no doubt, add much to the band.

CORRECTION.

We were informed some several weeks since, by members of the band, that the Columbia Band had filed articles of incorporation and we published the list of incorporators. For some reason the idea of incorporating was abandoned, hence it will be seen that it was merely hot air.

TO WED FEBRUARY 28th.

Miss Sarah Schooling, of Lebanon, will be married to Mr. Thomas Jackson, of Boyle county, Thursday, February 28th.

Miss Schooling is a niece of Judge H. C. Baker, of this city, and is very pleasantly remembered by our young people, having attended the M. & F. High school and frequently visited friends here.

The groom to be is a prosperous young farmer of the Bluegrass and we understand, a very excellent gentleman.

Dr. A. L. Whitfield, President of the M. & F. removed last Thursday to the boy's dormitory Dr. Whitfield and family have been occupying the Murrell residence near the college.

DELIGHTFUL ENTERTAINMENT

Given at The Home of Judge H. C. Baker, Thursday Evening.

Miss Mamie and Mr. Herschel Baker entertained a few couples, last Thursday evening, with a valentine party in honor of Miss Mary Ritchey, of Burkesville, at the home of their father, Judge H. C. Baker, on Burkesville street.

The character of the entertainment was in keeping with the day—St. Valentine—and consisted of conundrums, etc., which proved that the host and hostess are entertainers of rare ability. Refreshments were served—such article on the menu being represented by some conundrum, which the guests had to answer correctly before being served.

The evening was most pleasantly spent and all thoroughly enjoyed the occasion.

Those present were Misses Mary Ritchey, of Burkesville, Josephine Coleman, of Aurora, Ind., Kate Walker, Lina Rosenfield, Alice Walker, Myrtle Myers, Viola Frazer, and Messrs. Bruce Montgomery, Tim Craven, Alex. Cheving, Geo. Rosenfield, Jno. Lee Walker, Jno. W. Flowers, Prof. C. F. Ohlenmarcher.

CARD OF THANKS.

I desire to express my thanks and appreciation to my many neighbors and friends who so kindly aided me in the sickness of my wife, and whose sympathy was expressed in her death. It is a blessing to be surrounded by true friends whose aid is not withheld in time of need and sorrow. A. LOY.

UNUSUAL.

John A. Caldwell, of Milltown, has a turkey hen that began laying the first of last November and is still keeping up the work. To date she has laid 63 eggs. The day the deep snow fell she traversed a distance of 300 yards and deposited her egg as usual.

Rev. J. Frank Turner informs us that work on the United Brethren Church, in Montgomery addition, will begin as soon as rock for the foundation can be placed on the ground.

We will never get that thoroughbred stallion unless some of our stockmen take up the proposition with the Representative and Kentucky Breeders Association, of Lexington.

OUR GRIPPE.

The microbes that compose the man
Have divers avocations,
But treat them kindly if you can,
For they're your blood relations.
Our present force for enterprise
All rivals far outstrip,
Still moderation we'd advise;
They're working on our grippe.

With latitudes that burn and freeze
In one poor carnal creature,
To shake and shiver, sweat and sneeze,
Would castigate a preacher.

While subject to such awful blows,
I wish to merely mention,
That in the chambers of my nose
They're holding a convention.

And running an electric line
With lightning trains that vet us,
Along the region of my spine
To reach the solar plexus.

They're aiming to possess the land
With the administration,
Just like our model Brownsville band,
They're shooting up creation.

We've tried to check their galling fire,
By giving teas and tablets
To mollify their raging ire,
And change their vicious habits.

But now tis very plain dear wife,
Survive, I cannot, longer,
Unless to save your husband's life
You'll give them something stronger.

Pray do not have them on a whiz,
Because I am no whizzer,
We've told you now just how it is,
And trust 'twill not grow 'tiser.

AN OLD LETTER.

Written Forty-Three Years Ago By
Mr. John R. Cundiff to Mr.
and Mrs. Jas. Squires.

Our Pellham correspondent, Mr. Ernest Cundiff, handed us a letter last week which was written by his father forty-three years ago, while stationed at Knoxville, Tenn., to Mr. and Mrs. James Squires.

Mr. Cundiff was a member of Company C., 13th, Kentucky Infantry, and many incidents to which he refers will be remembered by his comrades, a number of whom live in this county.

KNOXVILLE, TENN., JULY 27th, '64
Mr. and Mrs. Squires:

I will take the opportunity which is presented to write to you, hoping that you both are well and enjoying good health. I have been sick for some time and left the regiment June 16th. Since I came here my regiment has been in one fight, in which Capt. Champ Butler was killed and Joseph Hood wounded in the face, with a grape shot, but not dangerously. Wm. Butler is sick with flux. I will not attempt to give you particulars as to the movements of the army, as you can keep posted much better than a private soldier, but suffice it to say that I have heard the thundering of cannon and roar of musketry since May.

Am very anxious to see the 13th mustered out so that I could return to the happy and peaceful life as before. Tell Morty not to get reared into joining the army, but stay at home with Luc and the children.

When you write me give all the News; about your farming, how Morty is getting along, etc.

JOHN R. CUNDIFF.

Friday evening the Ladies' Aid Society of the Christian Church will give a supper consisting of sandwiches, ices, cakes, coffee, etc. The public is cordially invited.

DEATH

Of Mrs. M. F. Dudley, of Near Columbia, Last Thursday Morning.

Last Thursday morning, at 6 o'clock, the final summons came to Mrs. M. F. Dudley, and her soul passed into the Great Beyond to await the resurrection morn.

Mrs. Dudley had been a sufferer from pulmonary trouble for many years, but not until a few days since considered in a dangerous condition.

The deceased was a Miss Marshall, and a sister of Mr. J. W. Marshall, of the Glensford county, in which community she resided until about two years ago, when with her husband and family removed to Columbia.

Mrs. Dudley was about forty years of age, a consistent member of the United Brethren Church and one whose life proved her faith in the Redeemer. To the husband six children, brother and relatives is extended the tenderest sympathy of the entire community.

The funeral services were conducted Friday morning and the remains laid to rest near Glenville.

THE PUBLIC HEALTH.

Dr. U. L. Taylor, Health Officer, Issues a Statement of Interest to All.

To the people of Columbia and Adair county. The time is close at hand when it becomes necessary to look after the sanitary condition of the community. While cleanliness is necessary at all times, it is particularly important during the Spring and Summer months. The public health is more and more engaging the attention of the people. It is much easier to prevent disease, than to cure it. It is much easier to prevent an epidemic, than to stop it after it has commenced. It is important that every housekeeper in the county should look after the condition of his own premises.

The town Council should examine into the sanitary condition of every street and alley in the town. Every mud hole should be filled up, and all the public property should be looked into. The jail should be given special attention, to see that all the drain pipes and sewers are performing their functions well. It has been proven that house flies are carriers of disease, and they should therefore, be screened from every dwelling. The butchers stalls should be screened, and no flies allowed to touch a piece of fresh meat intended for the market. It has been demonstrated that mosquitoes are the carriers of the germs of malaria, yellow fever, and probably other infectious diseases, therefore their breeding places should be broken up. Every rain barrel should be covered. Every old vessel about anybodys premises containing water should be destroyed, and every stagnant pool or pond should be drained, filled and disinfected.

During the coming summer, weeds should not be permitted to accumulate in the streets, alleys or gardens. All the back yards should be looked after. The school trustees should look after the condition of the school grounds and privies. The colleges, particularly, should see that every thing is kept clean. The health officer should be notified of every outbreak of measles, whooping cough, scarlet fever, diphtheria, typhoid fever or smallpox that breaks out in the schools. The health officer is required to look after all these things in any part of the county, when notified that such things exist. I want this year to surpass all others in the health of the people. I will go any day into any part of the county, to see after any of these diseases. It is made by law the duty of every physician to notify me of every outbreak of the above mentioned troubles. When there is no physician it is made the duty of the parents to give me notice. It is just as important to prevent an epidemic of measles as it is to prevent one of smallpox. Whooping cough kills far more people in this county than smallpox, and why should it be allowed to spread?

U. L. TAYLOR, Health Officer.

Col. Ben Lee Hardin was in Lebanon last week making speeches for the local option people.

The stone masons are again at work on the foundation for the Baptist parsonage.

Nothing will relieve indigestion that is not a thorough digestant. Kodol digests what you eat and allows the stomach to rest—recuperate—grow strong again. Kodol is a solution of digestive acids and as nearly as possible approximates the digestive juices that are found in the stomach. Kodol takes the work of digestion off the digestive organs, and while performing this work itself does not rest—recuperate—the ingredients greatly assist the stomach in the thoroughness of the highest efficiency and by its action the stomach is restored to its normal activity and power. Kodol is manufactured in strict conformity with the National Pure Food and Drug Law. Sold by Page & Dohoney, Columbia, Ky.

FO RTWORTH, TEX.

Mr. Editor:

After receiving a copy of your paper and reading it with much pleasure I decided to write to the dear old News.

First I must tell you that we, father, mother and myself, have been away from Kentucky for something like twelve years, but we yet think of it as 'home.' About ten years of this time we lived in Southern Illinois, but once again as often before, the 'Texas fever' struck father and so after selling our little home we started for that Southern State and here we have been for

about two years.

We find the climate delightful after our stay in Illinois, where the winters are so cold. Our winters here are very pleasant, we may have a few days of cold weather but nothing like six and seven weeks of snow and ice like we had in Illinois. The summers here are not so hot as many would think for most always we have a good breeze which makes the day pleasant and insures a good night's sleep. Taking every thing into consideration I think Tarrant county is a fine old place. We have all enjoyed better health since coming here than ever before and for this one thing we are so very thankful.

I suppose it isn't worth while to say that cotton is the main crop here but there is most every thing raised and all do well. Fruit is fine indeed and all who love watermelons should come to Texas as we have those that are fit for a king. As to our place of abode will say we are located on a ten acre truck farm five miles from Ft. Worth, which is quite a city also a very pretty place. If my friends who read this would like to know what we are doing will say we are gardening this year. This is a fine place for such work as early vegetables are in great demand and one gets a good price for same.

Should any of my old time school mates see this and will write to me I would be glad to hear from them and will answer all letters received. Before closing would like to ask the correspondent of Vester to write often to the News as I dearly love to hear from my old home. With best wishes to the News and its many readers will close.

BREEDING.

As there is no correspondent in this place, I will try to give a few items.

There is a great deal of sickness in this community.

Mr. and Mrs. R. P. Breeding have been suffering with severe cases of LaGrippe for several weeks.

Mr. N. T. Mercer, of the Bliss community, is visiting her parents at this place.

Mr. C. C. Breeding who is going for Robinson Bros., & hardware house of Louisville has made his first round trip reasonably good sales.

Mr. A. C. Froedge was in Ed-

monton lastweek on business.

We are glad to note that Mr. Garnette Breeding who has been sick for several days is able to be out again.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between the ages of 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that vitalizes every organ of the body. Guaranteed by T. E. Paull, Druggist. 50c.

CANE VALLEY.

Misses. Mallie, Martha and Pearl Murry, of Sewellton, Ky., who are attending School at Columbia visited their cousins, Mrs. Maud McFarland, from Friday until Monday.

Mr. Attis McFarland, of Rowena, Ky., attended the funeral services of his sister-in-law, Mrs. Solomon McFarland last Sunday.

J. R. McFarland made a business trip to Cumberland river last week.

Health is not very good in this section at this writing.

We would be real glad to see a letter in the News every week from Fairfax Oklahoma.

Willie wailed and Winnie wheezed, while wintry winds whined weirdly. Willie wriggled while Winnie wheezed wretchedly. Wisdom whispers, winter winds howl, wherefore we write, "Use Kennedy's Laxative Cough Syrup." Nothing else so good. Sold by Page & Dohoney, Columbia, Ky.

SANO.

The people of this place are very busy preparing for a crop.

The social given by Mr. and Mrs. Isaac Miller, last Saturday night was largely attended.

United in the holy bonds of matrimony, Mr. Howard Cravens and Miss Clemmie Acre; officiating minister, Rev. G. L. Dehart.

Born, to the wife of G. M. Cravens, a girl.

Mr. Edd Shaw, of this place is buying all kinds of lumber at fair prices.

Mr. G. M. Cravens property is for rent known as Shaw property.

FAIRPLAY.

Mrs. Loren Keith who has been sick for some time is no better.

Mr. Rube Lavender will move to this place soon. We are glad to have Rube with us.

Mr. Thomas Pulliam is running his saw mill at a rapid rate.

Mr. W. B. Yates is erecting a nice dwelling on his place.

A liquid cold relief with a laxative principle which drives out the cold through a copious action of the bowels, and a healing principle which lingers in the throat and stops the cough—that is Kennedy's Laxative Cough Syrup. Safe and sure in its action; pleasant to take; and conforms to National Pure Food and Drug Law. Contains no opiates. Sold by Page and Dohoney, Columbia, Ky.

BLISS.

LOST—Between Columbia and Gradyville much valuable time on account of bad roads.

Born on the 7th inst, to the wife of Calvin Claycomb, an 8 pound boy and a 6½ pound girl. All doing well.

C. M. Herriford, who has been confined to his bed most of the week, is improving.

Rev. W. H. C. Sandidge returned from Red Boiling Springs where he held a successful meeting.

Miss Lola Stephen, daughter of C. C. Stephen, started to the M. & F. Monday.

Ray Flowers, Dwight Sandidge and Melvin Grissom were at home from Friday to Monday.

Wood is getting rather scarce at our wood house since the excessive cold weather we are experiencing commenced. The thermometer stood about 8 below zero.

Mr. J. W. Patterson is able to be up after a severe attack of lumbago.

Misses Ethel and Annie Conover, daughters of Bob Conover, will leave for Texas soon. Their uncle, Wm. Conover, lives at Chillicothe, Texas and wants them to make him a visit with a view of their remaining there and engaging in teaching. The Misses Conover are capable teachers and will be missed in the teacher's roll of Adair county, but as they have decided to try another clime we bespeak for them success as they are refined, genuine ladies.

If there ever was a time to in-

terest the people in good roads this is the one. We have wood and provender in the country to spare but cannot get it to market. The people of Columbia need and are paying high prices. Why not put our little mites together one and all from pedestrian to buggy, teamster and all and make better highways that will benefit all to say nothing of the satisfaction of easy and convenient travel.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by Page & Dohoney, Columbia, Ky.

DIRIGO.

Sickness still prevails in this section. Mrs. Jennie Turner is worst case, as she has double pneumonia, and is not expected to recover.

Sam Garmon, Sparksville, was at J. J. England's a day or so this week.

Master Verge Campbell in attempting to put a stick under a log caught his fingers, mashing about half the flesh off the under side of one, and bruising another considerably.

A steer calf belonging to I. G. Williams, died the other day.

Mrs. Jane Campbell is on the sick list.

Mr. J. C. Wooten, Sparksville, was here Tuesday notifying the people that he would grind their corn, and make good meal for the 16th part thereof. Although Mr. Wooten is a staunch Republican, we would judge from the statement above that he is in a measure advocating the doctrine of "16 to 1"

Messrs. G. W. and Ed Stotts did business at Gradyville last Wednesday.

Mr. Thomas Pulliam, Fairplay, spent last Sunday at J. W. McClister's.

Mr. G. W. Dillon, an up-to-date merchant of Breeding, did business here last Monday.

Messrs. A. J. and Elmore Harris are visiting in Monroe county this week.

Mr. Jake Feese, the popular produce man of your city, was here Tuesday. He had neglected this place for a week or two, and thus had to telephone to Columbia for more teams to get out with his load.

"Everybody Should Know"

says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. "I've used it and know what I'm talking about." Guaranteed by T. E. Paull, Druggist 25c.

Mr. Hill informed your reporter that he was a strong advocate of competition as he firmly believes it is the life of trade. Who will be the next?

Mrs. Watt Jones died at her home near this place Monday night the 11th with heart trouble. Died on the 14th a little child of Mrs. Silas Tarter's with a complication of diseases. Died on the 15 a grand child of Joseph Franklin with croup.

Born, to the wife of Riley Keltner on the 6th, a boy, and to the wife of Geo. Kemp on the 7th, a girl. Mothers and children doing well.

The last few days of dry weather mixed with the warm sunshine has put new life in our farmers and they have made good use of their time in the way of turning the soil, burning and sowing plant beds, sowing grass and oat seed. We never have heard such a demand for grass seed in this section as there has been for the past month. Some of our farmers are sowing a large amount this season and we must not forget to say that our roads are getting passable once more and people are fast finding it out too.

Clem Coomer, a young man that is well known in this section, who left here a few weeks ago for Jeffersonville Ind., made his appearance in our city a few days ago with one of his eyes covered over with a linen. Mr. Coomer reports that he was in a Railroad wreck over in the good old State of Ind., a few days ago in which he attempted to make his escape, in so doing he came in contact with mother earth and her contents which has certainly left a very ugly place. Mr. Coomer informed us that at once brought suit against the railroad company for damages. We think Clemmy is entitled to some.

Messrs. Robert Rowe, Tol Coomer and John Preston some of Sparkesville best farmers were on our market last Friday looking wire and farming implements preparatory for farming. We must admit admit that the farm-

ers in that section have made as much improvement on their lands, in the last few years in the way of it producing as any part of this county.

HATCHER.

Mrs. Mattie Moody, wife of Mr. G. A. Moody, departed this life on the 8th at this place. She suffered a painful illness for several months, but they were blessed weeks of preparation to her children, not only fitting them for the hereafter, but also giving unequivocal testimony to the grace of God, in sustaining one who leaned on him. While she was unable to talk very much, every word and act testified that she died to the perfect submission of the will of God. A husband and three children survive her. She was the daughter of Jerredth Gains. Her remains were interred at Moody cemetery in Green County.

Dearen & Sanders shipped two car-loads of mules to Montgomery two weeks ago, but found the weather too bad to dispose of them, so shipped them back. Mr. R. H. Russell also shipped a load back.

Mr. W. H. Dearen had a mule which cost him \$220 to die this week—cause unknown.

Elias Coppock and F. P. Turner bought 12 fine jersey cows at Lebanon this week. They paid fancy prices, but are enthusiastic enough to think they will be amply repaid in the deal.

Hatcher hasn't any Commercial Club, but has the commercial spirit. Stock has been raised for a roller mill, and after further investigation whether it will be a paying institution, work will commence. This is one of the best wheat sections in central Kentucky.

Mr. R. H. Russell, who lives on Robinson Creek, has 32 head of mules advertised for sale on the 22nd.

Mr. Wm. Miller, who has been confined to his bed with a complication of troubles, is some better. He is the most successful farmer in our county.

Mr. J. T. Moss has been mentioned as a candidate for the Kentucky Legislature, but so far has not been induced to enter the race. He is eminently qualified to represent us, and receive encouragement from both counties, which will insure his election. If he decides not to enter, why not have 'Square Mat Mitchell? His record is clean.

J. W. and F. P. Turner have had an offer of \$10,000 for their farm on Meadow Creek, but have not consented to take that price. Their farm is well timbered, and is also very productive, as they have made a yield of 40 bushels of wheat to the acre.

J. R. Rice, who has been confined to his bed with rheumatism is better.

Mr. G. G. Philips, formerly a merchant at Coburg, but now a confirmed bachelor living on Robinson's creek, was serenaded by the young people of this place Thursday night.

Robert Penick, colored, fell a victim to cigarette smoking this week. His agonies were intense, and it ought to be a warning to the weaklings who indulge.

Joe Settles happened to a serious accident while splitting wood. He cut one of the tendons in the back of his wrist. It is quite painful.

Mrs. M. B. May, who had her
